Decide in case your objective is to get wide distribution and most exposure. This purpose is geared toward drawing prospects to what you are promoting or service, or to establishing the credibility of your reputation. If that is your major aim, it is best to intention to keep your value on the low side. Some authors have even priced their ebooks at a profit loss to draw a excessive number of new customers. After you figure out your aim, you must figure out what your audience's need is in your ebook. For example, does your guide solve a selected drawback? If it does, and solves it in a approach that hasn't been written about in 100 other ebooks, you can be in a position to obtain high gross sales

at an excessive price. In case your ebook solves a problem or solutions questions in a brand new and unique means, it is best to value your guide as high as you may go. sales and promotional material, and every time anyone asks you about your ebook.

An effective technique for figuring out a value is to ship out a survey to your present customers. If these clients have already bought an e-book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales web page for the new book, however don't embrace a value on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to check out prices by making a number of duplicate gross sales pages with different prices on every page. Be sure that your sales copy is exactly the identical on each web page, and includes your promoting-deal with sentence. Then determine for every page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum value is.

Ultimately, should you've written a e book that solves a downside or presents a brand new approach, your e-book will herald both visitors and profits.
