Moreover selling your books assiduously online, there are a number of different methods that may make it easier to sell more books.

An efficient approach for figuring out a value is to send out a survey to your present customers. If these customers have already bought an book from you, ask for his or her opinion in terms of price. Do this by making a gross sales page for the new ebook, but don't embody a value on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to test out costs by creating a variety of duplicate gross sales pages with totally different prices on every page. Ensure that your sales copy is exactly the identical on

every page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and gross sales of your book. This can tell you what your optimum value is.

Finally, should you've written a e-book that solves a drawback or presents a new technique, your guide will usher in both site visitors and profits.
