An efficient approach for determining a price is to send out a survey to your current customers. If these customers have already bought an e-book from you, ask for his or her opinion by way of price. Do that by making a sales web page for the brand new book, but don't embody a worth on that page. Instead, add a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by creating a variety of duplicate sales pages with different costs on every page. Ensure that your sales copy is strictly the identical on every web page, and includes your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum price is.

Finally, in the event you've written a e book that solves a problem or presents a new method, your e-book will herald both visitors and profits. So remember to write that promoting-handle sentence that sums up what problem your ebook solves and what the advantages of your 1280 ebook will be to the customers who purchase it.
