An efficient approach for determining a price is to ship out a survey to your present customers. If these prospects have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the new e-book, however do not embrace a price on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out prices by making a variety of duplicate gross sales pages with completely different prices on every page. Make sure your gross sales copy is exactly the identical

on each page, and includes your selling-handle sentence. Then work out for every page the conversion ratio between guests to your website and sales of your book. It will let you know what your optimum worth is.

Finally, if you've written a e book that solves a drawback or presents a new approach, your e book will usher in both traffic and profits. So you'll want to write that promoting-handle sentence that sums up what downside your e-book solves and what the benefits of your 1378 e-book can be to the customers who purchase it.
