One is to present one thing away free of charge with your guide, equivalent to a beneficial bonus item. Or bundle several ebooks under one worth, which lowers the price for every e-book if they had been offered separately.

An effective method for determining a value is to send out a survey to your current customers. If these prospects have already bought an e book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the new guide, but don't include a worth on that page. As an alternative, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

Another technique is to test out costs by making a variety of duplicate gross sales pages with different costs on each page. Ensure your gross sales copy is precisely the identical on each page, and contains your selling-deal with sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. This may tell you what your optimum value is.
