Apart from promoting your books assiduously online, there are a number of other strategies that may help you promote more books.

One is to provide one thing away at no cost with your ebook, akin to a precious bonus item. Or bundle a number of ebooks under one value, which lowers the value for each e book in the event that they were sold separately.

An effective approach for figuring out a worth is to send out a survey to your present customers. If these clients have already bought an e-book from you, ask for their opinion when it comes to price. Do that by making a sales page for the new e book, however do not embody a worth on that page. As a substitute, add various links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to test out prices by creating a variety of duplicate sales pages with totally different prices on each page. Be certain your gross sales copy is precisely the similar on each

page, and contains your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. This will inform you what your optimum worth is.

In the end, in case you've written a guide that solves a downside or presents a new technique, your e book will bring in both traffic and profits. So be sure to write that selling-handle sentence that sums up what drawback your guide solves and what the benefits of your 1678 book will probably be to the purchasers who purchase it.
