to price. Do that by making a gross sales web page for the new book, but do not embody a worth on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out costs by creating a number of duplicate sales pages with different prices on every page. Be sure that your sales copy is precisely the identical on each page, and includes your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your web site and gross sales of your book. This can let you know what your optimum worth is.

In the end, for those who've written a guide that solves a drawback or presents a new approach, your guide will bring in both site visitors and profits.
