An efficient method for determining a worth is to send out a survey to your current customers. If these customers have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new guide, but do not include a worth on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to test out prices by creating a variety of duplicate gross sales pages with different costs on each page. Ensure that your gross sales copy is strictly the identical on each

page, and consists of your promoting-deal with sentence. Then determine for every web page the conversion ratio between visitors to your website and sales of your book. This can tell you what your optimum worth is.

In the end, if you've written a ebook that solves a problem or presents a new method, your e-book will bring in both visitors and profits.
