One is to present one thing away for free with your e book, corresponding to a worthwhile bonus item. Or bundle several ebooks under one value, which lowers the worth for each ebook if they were bought separately.

An effective method for figuring out a price is to ship out a survey to your current customers. If these clients have already bought an book from you, ask for their opinion by way of price. Do that by making a sales web page for the brand new book, but don't include a worth on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out costs by creating a variety of duplicate gross sales pages with different costs on every page. Be sure your gross sales copy is exactly the similar on every page,

and contains your selling-handle sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. It will inform you what your optimum value is.

Ultimately, in case you've written a e book that solves a downside or presents a new method, your ebook will bring in both site visitors and profits. So remember to write that selling-handle sentence that sums up what problem your e book solves and what the advantages of your 1871 e book can be to the customers who purchase it.
