One other strategy is to check out prices by creating a number of duplicate gross sales pages with different prices on every page. Make sure that your sales copy is strictly the similar on every page, and consists of your selling-handle sentence. Then determine for each web page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum price is.

Finally, in case you've written a book that solves a drawback or presents a brand new approach, your e book will usher in both traffic and profits.
