One other technique is to check out costs by creating a variety of duplicate sales pages with completely different costs on every page. Be sure that your sales copy is precisely the similar on every page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your site and gross sales of your book. This can let you know what your optimum price is.

Finally, if you've written a ebook that solves a downside or presents a new approach, your e book will bring in both site visitors and profits.
