Do that by creating a gross sales page for the new e book, however don't include a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other technique is to test out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Be certain your gross sales copy is exactly the same on every web page, and includes your promoting-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your website and gross sales of your book. It will tell you what your optimum price is.

In the end, in the event you've written a ebook that solves a problem or presents a brand new technique, your book will bring in both traffic and profits.
