An effective technique for figuring out a worth is to ship out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a sales page for the brand new e book, but do not embrace a price on that page. Instead, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by making a number of duplicate sales pages with totally different prices on each page. Be sure that your gross sales copy is exactly the same on every web page, and contains your promoting-deal with sentence. Then figure out for every page the conversion ratio between guests to your web site and gross sales of your book. This may let you know what your optimum worth is.

Ultimately, if you happen to've written a e book that solves a drawback or presents a brand new technique, your e book will herald each traffic and profits.
