Decide if your goal is to get large distribution and most exposure. This aim is aimed at drawing clients to your business or service, or to establishing the credibility of your reputation. After you figure out your aim, you have to work out what your viewers's need is in your ebook. For example, does your ebook clear up a selected drawback? If it does, and solves it in a method that hasn't been written about in one hundred other ebooks, you can be able to obtain excessive sales at a excessive price. In case your e-book solves an issue or solutions questions in a brand new and

distinctive means, it's best to value your e-book as high as you'll be able to go. You'll obtain bigger earnings this fashion, however bring in fewer customers. Just be ready for your competition to undercut you on value as soon as they hear about your book.

Needless to say the above pricing technique is temporary. Eventually, you will stop to promote books at this excessive price. So figure out prematurely how lengthy you plan to supply your book at this excessive value, and when that time is up, change your pricing strategy.

If you wish to see giant profits over customer draw, aim for an audience that is on the lookout for straightforward solutions to their problems at a low price. In case your guide is aimed at solving one explicit drawback moderately than general recommendation, then you may cost more. Start at the highest worth the market will bear to usher in the largest income, and plan to discount the e book a number of occasions all through the year.

Do that by creating a sales page for the new ebook, but don't embody a worth on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out costs by creating a variety of duplicate gross sales pages with different costs on every page. Be sure that your sales copy is exactly the identical on each page,

and includes your promoting-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your web site and sales of your book. This can tell you what your optimum price is.
