One other strategy is to check out costs by making a number of duplicate gross sales pages with different prices on every page. Ensure that your gross sales copy is precisely the similar on each

page, and contains your promoting-handle sentence. Then figure out for each page the conversion ratio between guests to your web site and sales of your book. This may let you know what your optimum price is.

Finally, if you happen to've written a guide that solves a drawback or presents a new technique, your e book will usher in both site visitors and profits.
