An efficient approach for figuring out a price is to ship out a survey to your present customers. If these customers have already bought an book from you, ask for their opinion in terms of price. Do this by making a gross sales page for the new guide, but do not embrace a worth on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out prices by creating a number of duplicate sales pages with completely different costs on each page. Be sure your sales copy is exactly the identical on every

web page, and includes your selling-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. This can tell you what your optimum worth is.

Ultimately, if you happen to've written a guide that solves a downside or presents a new approach, your e-book will usher in each visitors and profits.
