Do that by making a gross sales web page for the brand new e-book, but do not embody a price on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another technique is to check out prices by making a number of duplicate gross sales pages with completely different costs on every page. Be certain your sales copy is exactly the similar on every page, and contains your selling-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This will tell you what your optimum worth is.

In the end, for those who've written a book that solves a downside or presents a new method, your e book will herald both site visitors and profits.
