An efficient method for figuring out a price is to ship out a survey to your present customers. If these prospects have already purchased an e book from you, ask for his or her opinion by way of price. Do that by making a gross sales page for the new book, but do not embrace a price on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out costs by creating a variety of duplicate gross sales pages with totally different costs on every page. Be sure that your sales copy is exactly the same on every page, and includes your selling-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum price is.

In the end, if you've written a e book that solves a problem or presents a brand new technique, your e-book will bring in both visitors and profits.
