If you want to see massive profits over buyer draw, goal for an audience that's in search of easy options to their problems at a low price. In case your ebook is aimed toward solving one specific problem somewhat than normal advice, then you can cost more. Start at the highest price the market will bear to bring in the largest profits, and plan to low cost the ebook a number of times all through the year.

One other strategy is to check out costs by creating a number of duplicate gross sales pages with completely different costs on each page. Make certain your sales copy is strictly the same on every web page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your site and gross sales of your book. It will inform you what your optimum worth is.
