The key that unlocks the gross sales potential of your book is to discover a single sentence that becomes your promoting handle. This sentence states what query or problem your book solutions and the benefits your ebook can provide. Then you'll want to use that sentence in each piece of gross

sales and promotional material, and every time anybody asks you about your ebook.

An effective method for determining a worth is to send out a survey to your present customers. If these clients have already bought an e-book from you, ask for his or her opinion when it comes to price. Do that by making a sales web page for the brand new ebook, but don't embody a value on that page. Instead, add various links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out costs by creating a number of duplicate gross sales pages with different prices on every page. Ensure that your gross sales copy is precisely the same on each web page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your website and gross sales of your book. It will let you know what your optimum price is.

Ultimately, in case you've written a ebook that solves a problem or presents a brand new technique, your ebook will herald both traffic and profits. So be sure you write that selling-handle sentence that sums up what problem your guide solves and what the advantages of your 595 e book might be to the purchasers who buy it.
