An efficient technique for figuring out a value is to ship out a survey to your present customers. If these clients have already purchased an e book from you, ask for their opinion by way of price. Do that by making a gross sales page for the new e book, but don't embody a price on that page. Instead, add a variety of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another technique is to check out prices by making a number of duplicate sales pages with different prices on every page. Make sure that your gross sales copy is strictly the same on every web page,

and includes your selling-handle sentence. Then figure out for each page the conversion ratio between guests to your web site and sales of your book. This will tell you what your optimum price is.

Finally, should you've written a e book that solves a drawback or presents a brand new method, your e book will herald each site visitors and profits. So make sure you write that promoting-handle sentence that sums up what problem your ebook solves and what the advantages of your 637 book can be to the shoppers who purchase it.
