An efficient technique for figuring out a price is to ship out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion in terms of price. Do this by making a gross sales web page for the new e book, but don't include a price on that page. As an alternative, add quite a few hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to check out costs by creating a variety of duplicate gross sales pages with completely different costs on every page. Make certain your sales copy is exactly the similar on each web page, and includes your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your web site and sales of your book. This may inform you what your optimum worth is.

In the end, in the event you've written a guide that solves a drawback or presents a brand new method, your guide will bring in both visitors and profits.
