One other technique is to check out costs by creating a variety of duplicate gross sales pages with completely different costs on each page. Be certain your gross sales copy is strictly the same on every page, and includes your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and gross sales of your book. This can inform you what your optimum worth is.

Ultimately, if you've written a guide that solves a drawback or presents a new technique, your e book will usher in each site visitors and profits.
