An efficient technique for determining a value is to ship out a survey to your present customers. If these customers have already bought an e-book from you, ask for their opinion in terms of price. Do that by making a sales page for the brand new e-book, but don't include a worth on that page. As a substitute, add various links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to test out costs by creating a number of duplicate gross sales pages with different costs on each page. Make sure that your gross sales copy is strictly the similar on each web page, and consists of your selling-deal with sentence. Then work out for each page the conversion ratio between visitors to your web site and gross sales of your book. This can let you know what your optimum price is.

Finally, in case you've written a e-book that solves a problem or presents a brand new approach, your book will bring in each visitors and profits.
