One other strategy is to check out prices by making a number of duplicate gross sales pages with different prices on each page. Make sure your sales copy is precisely the similar on each web page,

and includes your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your site and sales of your book. This can let you know what your optimum price is.

Finally, in the event you've written a e book that solves a drawback or presents a brand new method, your ebook will bring in both traffic and profits. So remember to write that selling-deal with sentence that sums up what drawback your e-book solves and what the advantages of your 901 book will likely be to the shoppers who purchase it.
