Marketing Methods

The key that unlocks the sales potential of your ebook is to find a single sentence that turns into your promoting handle. Then remember to use that sentence in every piece of sales and promotional materials, and each time anybody asks you about your ebook.

Besides promoting your books assiduously on-line, there are a number of different methods that may allow you to promote extra books.

One is to present something away without cost together with your book, such as a worthwhile bonus item. Or bundle a number of ebooks below one worth, which lowers the price for each ebook if they were offered separately.

An efficient method for figuring out a value is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion when it comes to

price. Do that by creating a gross sales page for the brand new guide, but do not embrace a price on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out costs by making a variety of duplicate gross sales pages with different costs on every page. Be sure your sales copy is strictly the identical on every web page, and includes your promoting-handle sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This can let you know what your optimum worth is.

In the end, if you happen to've written a e-book that solves a drawback or presents a new method, your e book will bring in both site visitors and profits. So be sure you write that promoting-deal with sentence that sums up what downside your book solves and what the advantages of your 969 e book will likely be to the purchasers who purchase it.
