If these prospects have already purchased an book from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales web page for the brand new book, but don't embrace a value on that page. As a substitute, add a number of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other technique is to check out prices by making a variety of duplicate sales pages with totally different costs on each page. Ensure your sales copy is precisely the identical on each web page,

and includes your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your website and sales of your book. It will inform you what your optimum value is.
